

CONSUL GENERAL OF INDIA

April 26, 2010

I am pleased to know that the trade delegation from Washington State India Trade Relations Action Committee (WASITRAC) is planning to be in India in November 2010, especially focusing during this visit on the state of Orissa and participation in the India International Trade Fair in New Delhi.

There is an immense potential to expand economic and trade interaction between India, which is the second fastest growing economy in the world and the United States of America, the largest economy in the world. The State of Washington, whose economy enjoys several areas of complementarity with that of India, is well placed to benefit from the new opportunities presented by the rapid growth in Indian economy.

Please convey to all members of the WASITRAC trade delegation our felicitations and best wishes for a very productive visit to India.

Best regards

Susmita G. Thomas
